Case No. 08cv0411

Case No. 08cv0559

INTRODUCTION

The 23 patent infringement cases identified below were filed by Plaintiff Jens Erik Sorensen, Trustee of Sorensen Research And Development Trust (“Sorensen”) seeking redress for infringement of U.S. Patent No. 4,935,184 (“184 patent”). All are currently pending in this District and all have been assigned to District Judge Barry T. Moskowitz.

Sorensen seeks to consolidate these related cases pursuant to Rule 42(a) of the *Federal Rules of Civil Procedure* because these cases have overlapping questions of

law and fact. Specifically, all of the cases allege infringement of the same patent and the Court has already indicated an intention to conduct a joint claim construction hearing. All of the responding defendants thus far have claimed that the '184 patent is invalid, and have also asserted entitlement to a stay pending completion of *ex parte* reexamination proceedings requested by defendants in the low-numbered Black & Decker case.

Both Court and all parties would benefit from consolidation of claim construction, discovery, and other related matters. Thus, consolidation of these actions is appropriate.

PROCEDURAL BACKGROUND

Presently pending in this District are 23 related patent infringement cases¹, the short names of which are as follows:

8 Sorensen v. Giant (3:07cv2121), Sorensen v. Esseplast (3:07-cv-02277), Sorensen v.
9 Energizer (3:07-cv-02321), Sorensen v. Helen of Troy Texas Corporation (3:07-cv-
10 02278).

11 Motions for Stay are pending in Sorensen v. Emerson (3:08-cv-00060);
12 Sorensen v. Global Machinery (3:08-cv-00233), Sorensen v. Kyocera (3:08-cv-
13 00411), Sorensen v. Rally (3:08-cv-00305), Sorensen v. Ryobi (3:08-cv-00070),
14 Sorensen v. Senco (3:08-cv-00071), Sorensen v. Central Purchasing (3:08-cv-
15 00309).

16 In all unstayed cases, Sorensen has filed Motions to Modify Patent Local
17 Rules Schedule to Accelerate Identification of Claimed Invalidating Prior Art and
18 intends to request the same relief in the stayed cases.

19 ARGUMENT

20
21 THIS COURT SHOULD CONSOLIDATE THESE RELATED CASES FOR
22 PURPOSES OF EFFICIENCY.

23 Fed.R.Civ.P. Rule 42(a) allows this Court to order consolidation of separate
24 actions:

25
26 When actions involving a common question of law and fact are pending
27 before the court, it may order a joint hearing or trial of any or all the
28 matters in issue in the actions; it may order all the actions consolidated;

1 and it may make such orders concerning proceedings therein as may
2 tend to avoid unnecessary costs or delay.

3 Consolidation pursuant to the Rule 42(a) is proper where, as here, actions
4 involve common questions of law and fact. *In re Equity Funding Corp. of Am. Sec.*
5 *Litig.*, 416 F. Supp. 161, 175 (C.D. Cal. 1976). This Court has broad discretion under
6 this Rule to consolidate cases pending within this District. *Perez-Funez v District*
7 *Director, Immigration and Naturalization Serv.*, 611 F. Supp. 990, 994 (C.D. Cal.
8 1984) (“[A] Court has broad discretion in deciding whether or not to grant a motion
9 for consolidation, although, typically, consolidation is favored.”) (citation omitted).
10 Even if there are some questions that are not common, consolidation is not
11 precluded. *Batazzi v. Petroleum Helicopters, Inc.*, 664 F. 2d 49, 50 (5th Cir. 1981);
12 See *Central Motor Co. v. United States*, 583 F. 2d 470 (10th Cir. 1978).

13 Common questions of law and fact abound in these cases. All the cases allege
14 infringement of United States Patent No. 4,935,184 and claim construction of the
15 patent should be conducted jointly.

16 All of the responding defendants have made *pro forma* assertions of invalidity
17 of the patent. The basis for these assertions should be disclosed so that any asserted
18 prior art can be brought before the PTO during the existing reexamination
19 proceedings that have prompted the pending stays of litigation.

20 All of the responding defendants have asserted entitlement to a stay pending
21 completion of *ex parte* reexamination proceedings requested by Black & Decker,
22 Phillips Plastics and Hi-Tech Plastics. Thus far, the Court has granted stays to every
23 additional defendant (after the Black & Decker defendants) requesting a stay on this
24 basis, even though the most recent filed Opposition to Motion for Stay (Sorensen v.
25 Energizer, Case No. 07cv2321) contained new information demonstrating that
26 reexaminations were likely to take much longer than the two years anticipated by the
27 Court when the initial stay was entered.

28 Because of the significant overlap of legal and factual issues, these cases are

1 particularly appropriate for consolidation.

2
3 **CONCLUSION**

4 For the foregoing reasons, Plaintiff respectfully requests that this Court
5 consolidate the related actions identified herein pursuant to Fed.R.Civ.P. Rule 42(a).
